

## RPS Member Website – Coming Soon

The newly enhanced Railways Pension Scheme member website for members of the Network Rail Section of the RPS will be launching on **Wednesday 30<sup>th</sup> September 2020**.

RPMI, the administrators of the RPS, have been making improvements to its online services to help you continue to easily and securely manage your RPS Pension.

The new member website's key enhancement is real-time information which will enable you to access many more benefits, including:

- Real-time estimates such as early retirement, retirement (including remaining in employment) and leaver quotes (generally within 1 hour of request)
- BRASS investment values updated within 2 days
- Enhanced BRASS investment switch functionality
- Enhanced online nomination functionality

In preparation for registering for your RPS account from 30<sup>th</sup> September 2020, please watch the registration video by clicking on the picture below:

Alternatively, you can read the step-by-step guide to registering [here](#).

**Please note, the registration for the new website will not go live until 30<sup>th</sup> September and you will not be able to register until this time.**

RPMI will continue to add further functionality to the website throughout the remainder of the year in order to improve the member experience and ensure you have all the tools you need throughout your pensions journey.

Further information will be posted across Network Rail communication channels, especially the [Network Rail Pensions Yammer page](#) and [www.mynrpension.co.uk](http://www.mynrpension.co.uk), on launch day Wednesday 30<sup>th</sup> September so please keep an eye out for further information.

Kind regards

Mark Engelbretson  
Head of Pensions and Trustee Director of the Railways Pension Scheme
