

Dear RPS Member,

I'm pleased to announce that the newly enhanced Railways Pension Scheme member website for members of the Network Rail Section of the RPS is now available at [www.member.railwayspensions.co.uk](http://www.member.railwayspensions.co.uk)

The new member website's key enhancement is real-time information which will enable you to access many more benefits, including:

- Real-time estimates such as early retirement, retirement (including remaining in employment) and leaver quotes (generally within 1 hour of request)
- BRASS investment values updated within 2 days
- Enhanced BRASS investment switch functionality
- Enhanced online nomination functionality

Please visit [www.member.railwayspensions.co.uk](http://www.member.railwayspensions.co.uk) to register for your RPS account.

To complete registration you will need your:

- National Insurance Number
- Date of birth
- Pensions Reference Number – this can be found on any correspondence sent to you by the Railways Pension Scheme, such as your latest Annual Pension Estimate (APE).

Alternatively, please contact the RPMI member helpline on 0800 012 1117 or email them at [csu@rpmico.uk](mailto:csu@rpmico.uk) and they will be able to assist.

To help you register for your RPS account, please watch the registration video by clicking on the picture below:

Alternatively, you can read the step-by-step guide to registering [here](#).

You can find a number of useful 'how to' videos, guides and Frequently Asked Questions [here](#)

RPMI, the administrators of the RPS, will be continuing to add more functionality, such as improved retirement planners, to the website throughout the remainder of the year in order to improve the member experience and ensure you have all the tools you need throughout your pensions journey.

Thank you for your patience over the past few months whilst we worked hard with RPMI to deliver this new RPS member website for you.

Kind regards
