# **AVC** investment fund choices

# **Emerging Markets Equity Fund**

An index-tracking fund which invests in equities (shares) of companies in emerging markets. The aim of the fund is to provide returns consistent with the performance of the markets in which it invests. Charges are 0.25% per annum.

# Infrastructure Equity Fund

This fund invests in global companies who undertake infrastructure activities and aims to track the performance of its benchmark within +/- 1.0% for two years out of three. Charges are 0.25% per annum.

# Positive Impact Equity Fund

This actively managed equity fund invests in companies which aim to deliver positive change by contributing towards a more sustainable and inclusive world. It aims to outperform, net of fees, the MSCI ACWI Index by at least 2% per annum. Charges are 0.51% per annum.

# Global Equity Fund

This index tracker fund invests in equities (shares) of UK and overseas companies. The aim of the fund is to provide returns consistent with the performance of the markets in which it invests, seeking to maximise exposure to positive ESG factors whilst minimising carbon exposure. Charges are 0.15% per annum.

## **UK Equity Fund**

This index tracker fund invests in equities (shares) of UK companies. The aim of the fund is to provide returns consistent with the performance of the market in which it invests. Charges are 0.05% per annum.

# **HSBC Islamic Global Equity Fund**

This fund aims to create long term appreciation of capital through investments in equities as defined by a relevant world index, which meets Islamic investment principles as interpreted and laid down by the Shariah Committee and provided to the Board of Directors. The fund aims to track the performance of the DJ Islamic Market Global Titans 100 Index. Charges are 0.33% per annum.

#### **Property Fund**

Invests actively in UK freehold and leasehold property. The Fund aims to outperform the AREF/IPD UK Quarterly All Balanced Property Fund Index (UK PFI) over three and five-year periods. The manager has the right to suspend disinvestments from the property fund in certain circumstances. Charges are 0.91% per annum.

# Multi-Asset Fund

The Fund aims to provide long-term investment growth through exposure to a diversified range of asset classes, excluding physical property. The diversified nature of the Fund means that the Fund is expected to have less exposure than an equity-only fund to adverse equity market conditions. However, the Fund may perform less strongly than an equity-only fund in benign or positive market conditions. Charges are 0.15% per annum.

# Active Aggregate All Stock (50:50) Fund

Invests actively in both Government (gilts) and corporate bonds. The Fund aims to exceed its benchmark by 1.0% per annum (before fees) over a three-year rolling period. The benchmarks are 50% iBoxx £ Non-Gilt Index and 50% FTSE A Government (All Stocks) Index (including re-invested income). Charges are 0.23% per annum.

### Over 5 Year Index-Linked Gilts Fund

This index tracker fund is invested in UK Government bonds (gilts), in which the income is linked to inflation. Charges are 0.04% per annum.

### Cash Fund

This actively managed fund invests in cash funds only. There is a risk that it will not keep up with inflation and therefore it may not buy as much as you expect at retirement. Charges are 0.05% per annum.

Please note: All fees correct as at 31 March 2023 and are subject to regular reviews.
